The states in which our insurance subsidiaries are domiciled have laws which require regulatory approval for the acquisition of “control” of insurance companies. Under these laws, there exists a presumption of “control” when an acquiring party acquires 10% or more of the voting securities of an insurance company or of a company which itself controls an insurance company. Therefore, any person acquiring 10% or more of our outstanding common stock would need the prior approval of the state insurance regulators of these states or a determination from such regulators that “control” has not been acquired.

Our Company

We are a leading distributor of financial products to middle income households in the United States and Canada with approximately 92,000 licensed sales representatives at December 31, 2012. We assist our clients in meeting their needs for term life insurance, which we underwrite, and mutual funds, annuities and other financial products, which we distribute primarily on behalf of third parties. Our distribution model uniquely positions us to reach underserved middle income consumers in a cost effective manner and has proven itself in both favorable and challenging economic environments.

Our mission is to serve middle income families by helping them make informed financial decisions and providing them with a strategy and means to gain financial independence. Our distribution model is designed to:

Address our clients' financial needs: Our sales representatives use our proprietary financial needs analysis tool and an educational approach to demonstrate how our products can assist clients to provide financial protection for their families, save for their retirement and manage their debt. Typically, our clients are the friends, family members and personal acquaintances of our sales representatives. Meetings are generally held in informal, face-to-face settings, usually in the clients' own homes.

Provide a business opportunity: We provide an entrepreneurial business opportunity for individuals to distribute our financial products. Low entry costs and the ability to begin part-time allow our sales representatives to supplement their income by starting their own independent businesses without incurring significant start-up costs or leaving their current jobs. Our unique compensation structure, technology, training and back-office processing are designed to enable our sales representatives to successfully grow their independent businesses.

We were the largest provider of individual term life insurance in the United States in 2011 (the latest period for which information is available) based on the amount of in-force premiums collected, according to LIMRA International, an independent market research organization. In 2012, we issued new term life insurance policies with more than \$68 billion of aggregate face value and sold approximately \$4.71 billion of investment and savings products.

Recent Developments

On February 7, 2013, we announced our consolidated financial results for the fourth quarter and full year ended December 31, 2012. Total revenues were \$304.5 million in the fourth quarter of 2012 and net income was \$40.3 million, or \$0.67 per diluted share. For the full year 2012, total revenues were \$1.19 billion and net income was \$173.8 million, or \$2.71 per diluted share.

We added approximately 36,586 recruits during the fourth quarter of 2012. As of December 31, 2012, we had 92,373 licensed sales representatives, compared to 91,176 licensed sales representatives as of December 31, 2011. During the fourth quarter of 2012, we issued more than 52,000 term life insurance policies and had investment and savings product sales of approximately \$1.24 billion.

Certain Pending Legal Matters

In late 2011 and in 2012, numerous arbitration claims were filed with the Financial Industry Regulatory Association (“FINRA”) against our subsidiary, PFS Investments Inc. (“PFS Investments”), and certain of its registered representatives seeking unspecified damages arising from the allegation that the representatives improperly recommended that the claimants transfer their retirement benefits from the Florida Retirement System’s defined benefit plan to its defined contribution plan. Currently, there are 22 pending arbitrations. Of these arbitrations, 17 have been scheduled for hearings in 2013, including two that are scheduled for hearings in the first quarter of 2013. In addition, eight lawsuits alleging the same claims against PFS Investments and certain of its registered representatives are pending in Miami-Dade County Circuit Court, and one lawsuit is pending in Federal Court for the Middle District of Florida. The total number of claimants in the arbitrations and the lawsuits, some of which have multiple claimants, is 94. The law firm representing the claimants in these matters has engaged in solicitation activities directed to Florida state employees to generate interest in the matters and has informed us that it has a list of approximately 150 additional state employees who have responded to its solicitations. It is unclear how many additional claims will be filed. The law firm has demanded a substantial settlement for the claims it has already brought. We believe we have meritorious defenses to the claims, and we intend to vigorously defend against them. Most of the claims arose between 2002 and 2008, and may be susceptible to statute of limitations defenses. In August 2012, one of the cases was dismissed by a Palm Beach County Circuit Court on statute of limitations grounds. An appeal of that decision is pending. Despite our defenses, we will incur significant costs, and possibly liabilities, defending and/or resolving these claims. Unless the claims are resolved, we will incur significant legal fees and litigation-related expenses in 2013. At this time, we are unable to reasonably estimate a range of possible losses.

Accounting Standards Update 2010-26

On January 1, 2012, we adopted Accounting Standards Update 2010-26, *Accounting for Costs Associated with Acquiring or Renewing Insurance Contracts* (“ASU 2010-26”), retrospectively. In accordance with the requirements of the Securities and Exchange Commission (the “SEC”), we were required to revise previously issued financial statements using the deferral and recognition guidance under ASU 2010-26 for each of the years presented in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 (the “2011 Annual Report”). The revision of the previously-issued 2011 Annual Report was made in accordance with applicable accounting rules and should not be read as a restatement of our 2011 Annual Report. For further information on the revisions to the information contained in our 2011 Annual Report, please see our Form 8-K filed with the SEC on May 8, 2012 (the “May 8, 2012 Form 8-K”), which is incorporated by reference into this prospectus supplement and the accompanying prospectus.

The following items of the 2011 Annual Report were updated retrospectively to reflect the adoption described above and such items were filed as exhibits to the May 8, 2012 Form 8-K:

- Item 1. Business (Segment Financial and Geographic Disclosures section);
- Item 6. Selected Financial Data;
- Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations;
- Item 7A. Quantitative and Qualitative Disclosures About Market Risk;
- Item 8. Financial Statements and Supplementary Data; and
- Item 15. Exhibits, Financial Statement Schedules ((c) Financial Statement Schedules section).

The May 8, 2012 Form 8-K modified and updated the disclosures presented in the 2011 Annual Report for (i) matters relating to the adoption of ASU 2010-26 and its associated impact and (ii) the addition of Note 19 to

UNDERWRITING

Citigroup Global Markets Inc. is acting as sole book-running manager of this offering. Subject to the terms and conditions stated in the underwriting agreement dated the date of this prospectus supplement, Citigroup Global Markets Inc. has agreed to purchase, and the selling stockholder has agreed to sell to Citigroup Global Markets Inc., 2,500,000 shares of our common stock.

The underwriting agreement provides that the obligations of the underwriter to purchase the shares included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriter is obligated to purchase all the shares if it purchases any of the shares.

The underwriter proposes to offer the shares of common stock offered hereby from time to time for sale in one or more transactions on the NYSE, in the over-the-counter market, through negotiated transactions or otherwise at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices, subject to receipt of acceptance by it and subject to its right to reject any order in whole or in part. The underwriter may effect such transactions by selling the shares to or through dealers and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriter and/or purchasers of shares for whom they may act as agents or to whom they may sell as principal. The difference between the price at which the underwriter purchase shares and the price at which the underwriter resells such shares may be deemed underwriting compensation.

We and our executive officers and directors and the selling stockholder have agreed that, subject to certain exceptions, for a period of 30 days from the date of this prospectus supplement, we and they will not, without the prior written consent of the underwriter, dispose of or hedge any shares of our common stock or any securities convertible into or exchangeable for our common stock. The underwriter in its sole discretion may release any of the securities subject to these lock-up agreements at any time without notice. Notwithstanding the foregoing, if (1) during the last 17 days of the 30-day restricted period, we issue an earnings release or material news or a material event relating to our company occurs; or (2) prior to the expiration of the 30-day restricted period, we announce that we will release earnings results during the 16-day period beginning on the last day of the 30-day restricted period, the restrictions described above shall continue to apply until the expiration of the 18-day period beginning on the issuance of the earnings release or the occurrence of the material news or material event; provided, however, that such additional restrictions shall not apply to the selling stockholder.

Our common stock is listed on the NYSE under the trading symbol "PRI."

In connection with this offering, the underwriter may purchase and sell shares in the open market. Purchases and sales in the open market may include short sales, purchases to cover short positions, which may include stabilizing purchases.

- Short sales involve secondary market sales by the underwriter of a greater number of shares than it is required to purchase in this offering.
- Covering transactions involve purchases of shares in the open market after the distribution has been completed in order to cover short positions.
- To close a naked short position, the underwriter must purchase shares in the open market after the distribution has been completed. A naked short position is more likely to be created if the underwriter is concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in this offering.
- To close a covered short position, the underwriter must purchase shares in the open market after the distribution has been completed.

Table of Contents

- Stabilizing transactions involve bids to purchase shares so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchases, as well as other purchases by the underwriter for its own account, may have the effect of preventing or retarding a decline in the market price of the shares. They may also cause the price of the shares to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriter may conduct these transactions on the NYSE, in the over-the-counter market or otherwise. If the underwriter commences any of these transactions, it may discontinue them at any time.

We have agreed to indemnify the underwriter against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"), relating to losses or claims resulting from material misstatements in or omissions from the registration statement of which this prospectus supplement forms a part. The selling stockholder has agreed to indemnify the underwriter against certain liabilities, including liabilities under the Securities Act, relating to losses or claims resulting from material misstatements in or omissions from information furnished to us by or on behalf of the selling stockholder for inclusion in the registration statement of which this prospectus supplement is a part. We and the selling stockholder have also agreed that in the event that our indemnities are unavailable or insufficient to hold the underwriter harmless, we and the selling stockholder will contribute to the aggregate liabilities to which the underwriter may be subject in such proportion as is appropriate to reflect the relative benefits received by us and the selling stockholder, on the one hand, and the underwriter, on the other hand, from this offering; provided, that if such allocation is unavailable, we and the selling stockholder will contribute in such proportion as is appropriate to reflect not only the relative benefits but also the relative fault of us and the selling stockholder, on the one hand, and of the underwriter, on the other hand, in connection with the misstatements or omissions that resulted in the underwriter's liabilities, as well as any other equitable consideration.

Conflicts of Interest

The underwriter has performed commercial banking, investment banking and advisory services for us from time to time for which it has received customary fees and reimbursement of expenses. The underwriter may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business for which it may receive customary fees and reimbursement of expenses.

The states in which our insurance subsidiaries are domiciled have laws which require regulatory approval for the acquisition of “control” of insurance companies. Under these laws, there exists a presumption of “control” when an acquiring party acquires 10% or more of the voting securities of an insurance company or of a company which itself controls an insurance company. Therefore, any person acquiring 10% or more of our outstanding common stock would need the prior approval of the state insurance regulators of these states or a determination from such regulators that “control” has not been acquired.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 that we filed with the Securities and Exchange Commission (the “SEC”) using a “shelf” registration process. Under the shelf process, we may sell any combination of the securities described in this prospectus in one or more offerings, up to a maximum aggregate offering price of \$1,000,000,000. In addition, certain of our stockholders may offer from time to time, in one or more offerings, up to 49,517,698 shares of our common stock.

This prospectus only provides you with a general description of the securities we and the selling stockholders may offer. Each time we or any selling stockholder sells securities described in the prospectus we will provide a supplement to this prospectus that will contain specific information about the terms of that offering, including the specific amounts, prices and terms of the securities offered. The prospectus supplement may also add, update or change information contained in this prospectus. You should read in their entirety both this prospectus and any accompanying prospectus supplement or other offering materials, together with the additional information described under the section entitled “Where You Can Find More Information” beginning on page 23 of this prospectus.

You should rely only on the information contained in or incorporated by reference into this prospectus. Neither we nor the selling stockholders have authorized anyone to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. Neither we nor the selling stockholders are making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted.

This prospectus and any accompanying prospectus supplement or other offering materials do not contain all of the information included in the registration statement as permitted by the rules and regulations of the SEC. For further information, we refer you to the registration statement on Form S-3, including its exhibits. We are subject to the informational requirements of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and, therefore, file reports and other information with the SEC. Statements contained in this prospectus and any accompanying prospectus supplement or other offering materials about the provisions or contents of any agreement or other document are only summaries. If SEC rules require that any agreement or document be filed as an exhibit to the registration statement, you should refer to that agreement or document for its complete contents.

You should not assume that the information in this prospectus, any accompanying prospectus supplement or any other offering materials is accurate as of any date other than the date on the front of each document, regardless of the time of delivery of this prospectus, any accompanying prospectus supplement or any sale of securities. Our business, financial condition, results of operations and prospects may have changed since then.

As used in this prospectus: (i) references to “Primerica,” “we,” “us” and “our” refer to Primerica, Inc., a Delaware corporation, and its consolidated subsidiaries; (ii) references to “Citi” refer to Citigroup Inc. and its subsidiaries; and (iii) references to “Warburg Pincus” refer, collectively, to Warburg Pincus Private Equity X, L.P. and Warburg Pincus X Partners, L.P.

Conflicts of Interest

We have numerous commercial and contractual arrangements with Citi, our former parent company. In addition, Citigroup Global Markets Inc., which may serve as an underwriter of one or more offerings of securities pursuant to this prospectus, is a wholly owned subsidiary of Citigroup Inc. RISK FACTORS

An investment in our securities involves a high degree of risk. You should carefully consider the specific risks described in the 2010 Annual Report, which is incorporated by reference into this prospectus, the risk factors described under the section entitled “Risk Factors” in any applicable prospectus supplement and any risk factors set forth in our other filings with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act before making an investment decision. If any of the foregoing risks actually materializes, our business, financial condition, results of operations and prospects could be materially adversely affected. As a result, the value of our securities could decline and you could lose part or all of your investment. The foregoing risks are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also materially affect our business, financial condition, results of operations and prospects. See the section entitled “Where You Can Find More Information” beginning on page 23 of this prospectus.

USE OF PROCEEDS

Unless otherwise set forth in a prospectus supplement, we intend to use the net proceeds of any offering of securities for working capital and other general corporate purposes, which may include the repayment or refinancing of outstanding indebtedness or stock repurchases. We will have significant discretion in the use of any net proceeds. The net proceeds may be invested temporarily in interest-bearing accounts and short-term interest-bearing securities until they are used for their stated purpose. We may provide additional information on the use of the net proceeds from the sale of the offered securities in an applicable prospectus supplement relating to the offered securities.

We will not receive any proceeds in the event that securities are sold by a selling stockholder.

RATIO OF EARNINGS TO FIXED CHARGES

The table below sets forth our consolidated ratio of earnings to fixed charges. We have not presented a ratio of earnings to fixed charges and preferred stock dividends because we did not have preferred stock outstanding as of the date of this prospectus. The following table should be read in conjunction with our consolidated and combined financial statements and related notes and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included in the 2010 Annual Report, which is incorporated by reference into this prospectus. For further information, see Exhibit 12.1 (Computation of Ratio of Earnings to Fixed Charges) to the registration statement of which this prospectus forms a part.

DESCRIPTION OF CAPITAL STOCK

The following information describes our common stock and preferred stock, as well as certain provisions of our certificate of incorporation and bylaws and relevant sections of the Delaware General Corporation Law (the "DGCL"), and is only a summary. You should refer to our amended and restated certificate of incorporation and bylaws, which are filed as exhibits to the registration statement of which this prospectus forms a part, and to the applicable provisions of the DGCL.

Capital Stock

Our authorized capital stock consists of 500,000,000 shares of common stock, par value \$0.01 per share, composed of a series of voting common stock and a series of non-voting common stock, and 10,000,000 shares of preferred stock, par value \$0.01 per share. As of April 1, 2011, we had 73,759,838 shares of voting common stock outstanding and no shares of non-voting common stock or preferred stock outstanding.

Common Stock. Holders of our voting common stock are entitled to one vote per share on all matters submitted to a vote of stockholders. Holders of our non-voting common stock are not entitled to vote on any matter, except as required by law or to amend, alter or repeal the provisions of the certificate of incorporation providing for the preferences, limitations and rights of the non-voting common stock. Holders of our voting common stock and non-voting common stock rank equally with respect to payment of dividends, as may be declared by our board of directors out of funds legally available for the payment of those dividends. Upon the liquidation, dissolution or winding up of our company, the holders of our voting common stock and non-voting common stock will rank equally and will be entitled to receive their ratable share of our net assets available after payment of all debts and other liabilities, subject to the prior rights of any outstanding preferred stock. Holders of our voting common stock and non-voting common stock have no preemptive, subscription or redemption rights. The outstanding shares of our common stock are fully paid and non-assessable.

Preferred Stock. Our board of directors has the authority, without any further vote or action by the stockholders, to issue preferred stock in one or more series and to fix the preferences, limitations and rights of the shares of each series, including:

- dividend rates;
- conversion rights;
- voting rights;
- terms of redemption and liquidation preferences; and
- the number of shares constituting each series.

Registration Rights

We have entered into a Registration Rights Agreement with Citi and Warburg Pincus, dated April 7, 2010 (the "Registration Rights Agreement"), pursuant to which we granted to Citi and Warburg Pincus certain demand and piggyback registration rights with respect to the shares of common stock owned by them. For a description of these rights, see "Related Party Transactions — Transactions with Citi in Connection with Our Initial Public Offering — Registration Rights Agreement with Citi and Warburg Pincus" and "Related Party Transactions — Transactions with Warburg Pincus in Connection with the Securities Purchase Agreement," included in our Proxy Statement on Schedule 14A, filed with the SEC on March 31, 2011 (the "2011 Proxy Statement"), which is incorporated by reference into this prospectus.

Anti-Takeover Effects of Provisions of Our Certificate of Incorporation and Bylaws and of Delaware Law

The rights of our stockholders and related matters are governed by the DGCL, our certificate of incorporation and bylaws, certain provisions of which may discourage or make more difficult a takeover attempt

Table of Contents

that a stockholder might consider in his or her best interest by means of a tender offer or proxy contest or removal of our incumbent officers or directors. These provisions may also adversely affect prevailing market prices for our common stock. However, we believe that the benefits of this increased protection give us the potential ability to negotiate with the proponent of an unsolicited proposal to acquire or restructure us and outweigh the disadvantage of discouraging those proposals because negotiation of the proposals could result in an improvement of their terms.

Classified Board of Directors

Our certificate of incorporation provides that our board of directors is classified with approximately one-third elected each year. The number of directors will be fixed from time to time by a majority of the total number of directors which we would have at the time such number is fixed if there were no vacancies. The directors are divided into three classes, designated class I, class II and class III. Each class will consist, as nearly as may be possible, of one-third of the total number of directors constituting the entire board. At each annual meeting of stockholders beginning in 2011, successors to the class of directors whose term expires at that annual meeting will be elected for a three-year term. In addition, if the number of directors is changed, any increase or decrease will be apportioned by the board of directors among the classes so as to maintain the number of directors in each class as nearly equal as possible, and any additional director of any class elected to fill a vacancy resulting from an increase in such class will hold office for a term that will coincide with the remaining term of that class, but in no case will a decrease in the number of directors shorten the term of any incumbent director.

We have agreed with Warburg Pincus that, subject to the terms of our certificate of incorporation, our board of directors will consist of no more than nine members, of which not more than one director will be nominated by Citi and not more than two directors will be our officers or employees. In addition, Warburg Pincus is entitled to nominate two directors to serve on our board of directors. See also “Related Party Transactions — Transactions with Warburg Pincus in Connection with the Securities Purchase Agreement — Board Rights” and “Related Party Transactions — Transactions with Citi in Connection with Our Initial Public Offering,” included in the 2011 Proxy Statement, which is incorporated by reference into this prospectus.

For so long as Warburg Pincus’ Investor Ownership Percentage (as defined in the Securities Purchase Agreement among Citi, Primerica and Warburg Pincus, dated February 8, 2010 (the “Securities Purchase Agreement”)) is at least 7.5%, Citi will be obligated to vote for Warburg Pincus’ nominees to our board of directors pursuant to the Securities Purchase Agreement.

Stockholder Action by Written Consent; Special Meetings

Our certificate of incorporation permits stockholders to take action by the written consent of holders of all of our shares in lieu of an annual or special meeting. Otherwise, stockholders will only be able to take action at an annual or special meeting called in accordance with our bylaws.

Our bylaws provide that special meetings of stockholders may only be called by:

- the chairman of the board;
- either of the co-chief executive officers;
- by request in writing of the board of directors or of a committee of the board of directors that has been duly designated by the board of directors and whose powers and authority include the power to call such meetings; or
- the holders of a majority of the outstanding shares of our common stock, in the event that Citi continues to own such a majority.

- a description of all arrangements or understandings between that stockholder and any other person in connection with the nomination and any material interest of that stockholder in the nomination;
- information as to derivatives, swaps, options, short positions, stock borrowing or lending and transactions or arrangements that increase or decrease voting power or pecuniary interest;
- a representation that the stockholder is a holder of record of our stock entitled to vote at that meeting and that the stockholder intends to appear in person or by proxy at the meeting to bring that nomination before the meeting; and
- any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitations of proxies for election of directors pursuant to the Exchange Act;

and, as to each person whom the stockholder proposes to nominate for election as a director:

- the name, age, business and residence address, and the principal occupation and employment of the person;
- the class and series and number of shares of each class and series of our capital stock which are owned beneficially or of record by the person;
- information as to derivatives, swaps, options, short positions, stock borrowing or lending and transactions or arrangements that increase or decrease voting power or pecuniary interest; and
- any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitations of proxies for election of directors pursuant to the Exchange Act.

The stockholder providing the notice is required to update and supplement such notice as of the record date of the meeting.

However, for so long as Warburg Pincus' Investor Ownership Percentage is at least 7.5%, Citi will be obligated to vote for Warburg Pincus' nominees to our board of directors pursuant to the Securities Purchase

Advance Notice Requirements for Other Stockholder Proposals

Our bylaws contain advance notice procedures with regard to stockholder proposals not related to nominations. These notice procedures, in the case of an annual meeting of stockholders, mirror the notice requirements for stockholder proposals related to director nominations discussed above insofar as they relate to the timing of receipt of notice by our corporate secretary. In the case of a special meeting, notice of other stockholder proposals must be received by our corporate secretary not less than 90 days prior to the date that meeting is proposed to be held.

A stockholders’ notice to our corporate secretary must be in proper written form and must set forth, as to each matter that the stockholder proposes to bring before the meeting:

- a description of the business desired to be brought before the meeting and the reasons for conducting that business at the meeting;
- the name and record address of that stockholder and of the beneficial owner, if any;
- the class and series and number of shares of each class and series of our capital stock which are owned beneficially or of record by that stockholder or by the beneficial owner, if any;
- a description of all arrangements or understandings between that stockholder or any beneficial owner and any other person in connection with the proposal of that business and any material interest of that stockholder in that business;
- information as to derivatives, swaps, options, short positions, stock borrowing or lending and transactions or arrangements that increase or decrease voting power or pecuniary interest;
- a representation that the stockholder is a holder of record of our stock entitled to vote at that meeting and that the stockholder intends to appear in person or by proxy at the meeting to bring that business before the meeting; and
- any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitations of proxies for the proposed business to be brought by such stockholder pursuant to the Exchange Act.

The stockholder providing the notice is required to update and supplement such notice as of the record date of the meeting.

Anti-Takeover Legislation

As a Delaware corporation, we are subject to the restrictions under Section 203 of the DGCL (“Section 203”) regarding corporate takeovers. In general, Section 203 prohibits a publicly held Delaware corporation from engaging, under certain circumstances, in a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder, unless:

- prior to the date of the transaction, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- upon completion of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time such transaction commenced, excluding, for purposes of determining the number of shares outstanding, (i) shares owned by persons who are directors and also officers of the corporation and (ii) shares owned by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

Table of Contents

- on or subsequent to the date of the transaction, the business combination is approved by the board of directors of the corporation and authorized at an annual or special meeting of stockholders by the affirmative vote of at least 66 2/3% of the outstanding voting stock which is not wholly owned by the interested stockholder.

In this context, a business combination includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. An interested stockholder is a person who, together with affiliates and associates, owns or, within three years prior to the determination of interested stockholder status owned, 15% or more of a corporation's outstanding voting stock.

A Delaware corporation may "opt out" of Section 203 with an express provision in its original certificate of incorporation or an express provision in its certificate of incorporation or bylaws resulting from amendments approved by holders of at least a majority of the corporation's outstanding voting shares. We have not elected to "opt out" of Section 203. However, subject to certain restrictions, we may elect to "opt out" of Section 203 by an amendment to our certificate of incorporation or bylaws. In the Securities Purchase Agreement, we have agreed to take all action necessary so that the limitations on business combinations prescribed by Section 203 of the DGCL are not applicable to Warburg Pincus or any permitted transferee that receives at least 10% of our outstanding common stock.

Undesignated Preferred Stock

The authority possessed by our board of directors to issue preferred stock with voting or other rights or preferences could be potentially used to discourage attempts by third parties to obtain control of us through a merger, tender offer, proxy contest or otherwise by making such attempts more difficult or more costly. The provision in our certificate of incorporation authorizing such preferred stock may have the effect of deferring hostile takeovers or delaying changes of control of our management.

Insurance Regulations Concerning Change of Control

Many state insurance regulatory laws intended primarily for the protection of policyholders contain provisions that require advance approval by state agencies of any change in control of an insurance company or insurance holding company that is domiciled or, in some cases, having such substantial business that it is deemed to be commercially domiciled in that state. Moreover, under Canadian federal insurance law, the consent of the Minister of Finance is required in order for anyone to acquire direct or indirect control, including control in fact, of an insurance company, or to acquire, directly or through any controlled entity or entities, a significant interest (i.e., more than 10%) of any class of its shares.

Certificate of Incorporation Provision Relating to Corporate Opportunities and Interested Directors

In order to address potential conflicts of interest between us and Citi, our certificate of incorporation contains provisions regulating and defining the conduct of our affairs as they may involve Citi and its officers and directors, and our powers, rights, duties and liabilities and those of our officers, directors and stockholders in connection with our relationship with Citi. In general, these provisions recognize that we and Citi may engage in the same or similar business activities and lines of business (subject to the provisions of the intercompany agreement we entered into with Citi in connection with our initial public offering), have an interest in the same areas of corporate opportunities and that we and Citi will continue to have contractual and business relations with each other, including officers and directors of Citi serving as our directors.

Our certificate of incorporation provides that, subject to any contractual provision to the contrary, Citi will have no duty to refrain from:

- engaging in the same or similar business activities or lines of business as us;
- doing business with any of our clients; or
- employing or otherwise engaging any of our officers or employees.

Table of Contents

Under our certificate of incorporation, neither Citi nor any officer or director of Citi, except as described in the following paragraph, will be liable to us or our stockholders for breach of any fiduciary duty by reason of any such activities. Our certificate of incorporation provides that Citi is not under any duty to present any corporate opportunity to us which may be a corporate opportunity for Citi and us, and Citi will not be liable to us or our stockholders for breach of any fiduciary duty as our stockholder by reason of the fact that Citi pursues or acquires that corporate opportunity for itself, directs that corporate opportunity to another person or does not present that corporate opportunity to us.

When one of our directors or officers who is also a director or officer of Citi learns of a potential transaction or matter that may be a corporate opportunity for both us and Citi, the certificate of incorporation provides that the director or officer:

- will have fully satisfied his or her fiduciary duties to us and our stockholders with respect to that corporate opportunity;
- will not be liable to us or our stockholders for breach of fiduciary duty by reason of Citi's actions with respect to that corporate opportunity;
- will be deemed to have acted in good faith and in a manner he or she believed to be in, and not opposed to, our best interests for purposes of our certificate of incorporation; and
- will be deemed not to have breached his or her duty of loyalty to us or our stockholders and not to have derived an improper personal benefit therefrom for purposes of our certificate of incorporation;

if he or she acts in good faith in a manner consistent with the following policy:

- a corporate opportunity offered to any of our officers who is also a director but not an officer of Citi will belong to us, unless that opportunity is expressly offered to that person solely in his or her capacity as a director of Citi, in which case that opportunity will belong to Citi;
- a corporate opportunity offered to any of our directors who is not one of our officers and who is also a director or an officer of Citi will belong to us only if that opportunity is expressly offered to that person solely in his or her capacity as our director, and otherwise will belong to Citi; and
- a corporate opportunity offered to any of our officers who is also an officer of Citi will belong to Citi, unless that opportunity is expressly offered to that person solely in his or her capacity as our officer, in which case that opportunity will belong to us.

For purposes of our certificate of incorporation, "corporate opportunities" include business opportunities that we are financially able to undertake, that are, from their nature, in our line of business, are of practical advantage to us and are ones in which we have an interest or a reasonable expectancy, and in which, by embracing the opportunities, the self-interest of Citi or its officers or directors will be brought into conflict with our self-interest. After such time that Citi ceases to own 20% of our common stock, the provisions of the certificate of incorporation related to corporate opportunities for Citi and us described above shall become inoperative. Thereafter, the approval or allocation of corporate opportunities would depend on the facts and circumstances of the particular situation analyzed under the corporate opportunity doctrine. The Delaware courts have found that a director or officer "may not take a business opportunity for his own if: (i) the corporation is financially able to exploit the opportunity; (ii) the opportunity is within the corporation's line of business; (iii) the corporation has an interest or expectancy in the opportunity; and (iv) by taking the opportunity for his own, the [director or officer] will thereby be placed in a position inimicable to his duties to the corporation." On the other hand, a director or officer "may take a corporate opportunity if: (1) the opportunity is presented to the director or officer in his individual and not his corporate capacity; (2) the opportunity is not essential to the corporation; (3) the corporation holds no interest or expectancy in the opportunity; and (4) the director or officer has not wrongfully employed the resources of the corporation in pursuing or exploiting the opportunity." A director or officer may also "present" an opportunity to the board of directors of a corporation to determine whether such opportunity belongs to the corporation and thereby be protected from inference of usurpation of corporate opportunity.

Table of Contents

Our certificate of incorporation also provides that no contract, agreement, arrangement or transaction between us and Citi will be void or voidable solely for the reason that Citi is a party to such agreement and Citi:

- will have fully satisfied and fulfilled its fiduciary duties to us and our stockholders with respect to the contract, agreement, arrangement or transaction;
- will not be liable to us or our stockholders for breach of fiduciary duty by reason of entering into, performance or consummation of any such contract, agreement, arrangements or transaction;
- will be deemed to have acted in good faith and in a manner it reasonably believed to be in, and not opposed to, the best interests of us for purposes of the certificate of incorporation; and
- will be deemed not to have breached its duty of loyalty to us and our stockholders and not to have derived an improper personal benefit therefrom for purposes of the certificate of incorporation, if:
 - the material facts as to the contract, agreement, arrangement or transaction are disclosed or are known to our board of directors or the committee of our board that authorizes the contract, agreement, arrangement or transaction and our board of directors or that committee in good faith authorizes the contract, agreement, arrangement or transaction by the affirmative vote of a majority of the disinterested directors;
 - the material facts as to the contract, agreement, arrangement or transaction are disclosed or are known to the holders of our shares entitled to vote on such contract, agreement, arrangement or transaction and the contract, agreement, arrangement or transaction is specifically approved in good faith by vote of the holders of a majority of the votes entitled to be cast by the holders of our common stock then outstanding not owned by Citi or a related entity; or
 - the contract, agreement, arrangement or transaction, judged according to the circumstances at the time of the commitment, is fair to us.

Any person purchasing or otherwise acquiring any interest in any shares of our capital stock will be deemed to have consented to these provisions of the certificate of incorporation.

Until the time that Citi ceases to own shares entitled to 20% or more of the votes entitled to be cast by our then outstanding common stock, the affirmative vote of the holders of at least 80% of the votes entitled to be cast will be required to alter, amend or repeal, or adopt any provision inconsistent with the corporate opportunity and interested director provisions described above; however, after Citi no longer owns shares for its own account entitling it to cast at least 20% of the votes entitled to be cast by our then outstanding common stock, any such alteration, adoption, amendment or repeal would be approved if a quorum is present and the votes favoring the action exceed the votes opposing it. Accordingly, until such time, so long as Citi owns shares entitled to 20% of the votes entitled to be cast, it can prevent any such alteration, adoption, amendment or repeal.

In addition to these provisions relating to corporate opportunities and interested directors contained in our certificate of incorporation, we entered into an intercompany agreement with Citi in connection with our initial public offering, which prohibited each party from soliciting or hiring the other party's employees above certain compensation levels without the consent of such other party and prohibits Citi, subject to certain customary exceptions, from competing with us by engaging in certain competitive activities for a certain period of time and from intentionally engaging in a targeted solicitation of our sales representatives following the completion of our initial public offering. Citi also agreed that, following the completion of our initial public offering, it will not intentionally use any Prime Reinsurance Company, Inc. customer list or database for purposes of marketing products or services to those customers. See "Related Party Transactions — Transactions with Citi in Connection with Our Initial Public Offering — Intercompany Agreement," included in the 2011 Proxy Statement, which is incorporated by reference into this prospectus.

Provisions Relating to Regulatory Status

Our certificate of incorporation also contains provisions regulating and defining the conduct of our affairs as they may affect Citi and its legal and regulatory status. In general, our certificate of incorporation provides that, without the written consent of Citi, which will not be unreasonably withheld, conditioned or delayed, we will not take any action that, to our knowledge, would result in:

- Citi's being required to obtain the authorization or approval of, or otherwise become subject to any rules, regulations or other legal restrictions of any governmental, administrative or regulatory authority; or
- any of our directors who is also a director or officer of Citi being ineligible to serve or prohibited from serving as our director or, where such person is a director of Citi, as a director of Citi under applicable law.

Our certificate of incorporation further provides that Citi will not be liable to us or our stockholders for breach of any fiduciary duty by reason of the fact that Citi gives or withholds any such consent for any reason.

Any persons purchasing or otherwise acquiring any interest in shares of our capital stock will be deemed to have consented to these provisions of our certificate of incorporation.

Until the time that Citi ceases to own shares entitled to 20% or more of the votes entitled to be cast by our then outstanding common stock, the affirmative vote of the holders of at least 80% of the votes entitled to be cast will be required to alter, amend or repeal, or adopt any provision inconsistent with, the provision of our certificate of incorporation described above; however, the provision relating to legal and regulatory status automatically becomes inoperative six months after Citi ceases to own shares entitled to at least 20% of the votes entitled to be cast by our then outstanding common stock relating to shares held for its own account. Accordingly, until such time, so long as Citi owns shares entitled to at least 20% of the votes entitled to be cast, it can prevent any alteration, adoption, amendment or repeal of that provision.

The Delaware courts have not conclusively determined the validity or enforceability of provisions similar to the corporate opportunity, interested director and legal and regulatory status provisions that are included in our certificate of incorporation and could rule that some liabilities which those provisions purport to eliminate remain in effect.

Limitation of Liability of Directors

Our certificate of incorporation provides that none of our directors shall be liable to us or our stockholders for monetary damages for any breach of fiduciary duty as a director, except to the extent otherwise required by the DGCL. The effect of this provision is to eliminate our rights, and our stockholders' rights, to recover monetary damages against a director for breach of a fiduciary duty of care as a director. This provision does not limit or eliminate our right, or the right of any stockholder, to seek non-monetary relief, such as an injunction or rescission in the event of a breach of a director's duty of care. In addition, our certificate of incorporation provides that if the DGCL is amended to authorize the further elimination or limitation of the liability of a director, then the liability of the directors shall be eliminated or limited to the fullest extent permitted by the DGCL, as so amended. These provisions will not alter the liability of directors under federal or state securities laws. Our certificate of incorporation also includes provisions for the indemnification of our directors and officers to the fullest extent permitted by Section 145 of the DGCL. Further, we have entered into indemnification agreements with our directors and executive officers which require us, among other things, to indemnify them against certain liabilities which may arise by reason of their status or service as a director or officer and to advance to them expenses, subject to reimbursement to us if it is determined that they are not entitled to indemnification. We also have obtained director and officer liability insurance.

General

We may sell the debt securities, including original issue discount securities, at par or at a substantial discount below their stated principal amount. Unless we inform you otherwise in a prospectus supplement, we may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series or any other series outstanding at the time of issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of securities under the indenture.

We will describe in the applicable prospectus supplement any other special considerations for any debt securities we sell which are denominated in a currency or currency unit other than U.S. dollars. In addition, debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, equity indices or other factors. We will describe in the applicable prospectus supplement information as to the methods for determining the amount of principal or interest, if any, payable on any date, and the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked.

United States federal income tax consequences and special considerations, if any, applicable to any such series will be described in the applicable prospectus supplement. Unless we inform you otherwise in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange.

We expect most debt securities to be issued in fully registered form without coupons and in denominations of US\$2,000 and any integral multiples in excess thereof. Subject to the limitations provided in the indenture and in the prospectus supplement, debt securities that are issued in registered form may be transferred or exchanged at the designated corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

The specific terms of the depository arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the applicable prospectus supplement.

DESCRIPTION OF PURCHASE CONTRACTS AND PURCHASE UNITS

We may issue purchase contracts for the purchase or sale of common stock, preferred stock or debt securities issued by us or by third parties as specified in the applicable prospectus supplement. Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase on specified dates, such securities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the securities otherwise deliverable, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract. The price per security and the number of securities may be fixed at the time the purchase contracts are entered into or may be determined by reference to a specific formula set forth in the applicable purchase contracts.

The purchase contracts may be issued separately or as part of units consisting of a purchase contract and debt securities or debt obligations of third parties, including U.S. treasury securities, or any other securities described in the applicable prospectus supplement or any combination of the foregoing, securing the holders’ obligations to purchase the securities under the purchase contracts, which we refer to herein as “purchase units.”

The purchase contracts may require holders to secure their obligations under the purchase contracts in a specified manner. The purchase contracts also may require us to make periodic payments to the holders of the purchase contracts or the purchase units, as the case may be, or vice versa, and those payments may be unsecured or pre-funded on some basis.

The prospectus supplement relating to any purchase contracts or purchase units we may offer will contain the specific terms of the purchase contracts or purchase units. These terms may include the following:

- whether the purchase contracts obligate the holder to purchase or sell, or both, our common stock, preferred stock, or debt securities, and the nature and amount of each of those securities, or method of determining those amounts;
- whether the purchase contracts are to be prepaid or not;
- whether the purchase contracts are to be settled by delivery, or by reference or linkage to the value, performance or level of our common stock or preferred stock;
- any acceleration, cancellation, termination or other provisions relating to the settlement of the purchase contracts; and
- whether the purchase contracts will be issued in fully registered global form.

The description in the applicable prospectus supplement of any purchase contract or purchase unit we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable purchase contract or purchase unit, which will be filed with the SEC if we offer purchase contracts or purchase units. For more information on how you can obtain copies of any purchase contract or purchase unit we may offer, see the section entitled “Where You Can Find More Information” beginning on page 23 of this prospectus. We urge you to read the applicable purchase contract or applicable purchase unit and any applicable prospectus supplement in their entirety.

- to or through underwriters, brokers or dealers; or
- through a combination of any of these methods.

A distribution of the securities offered by this prospectus may also be effected through the issuance of derivative securities, including, without limitation, warrants, subscriptions, exchangeable securities, forward delivery contracts and the writing of options.

In addition, the manner in which we may sell some or all of the securities covered by this prospectus and the manner in which the selling stockholders may sell the securities, include, without limitation, through:

- a block trade in which a broker-dealer will attempt to sell as agent, but may position or resell a portion of the block, as principal, in order to facilitate the transaction;
- purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account;
- ordinary brokerage transactions and transactions in which a broker solicits purchasers; or
- privately negotiated transactions.

We or the selling stockholders may also enter into hedging transactions. For example, we may:

- enter into transactions with a broker-dealer or affiliate thereof in connection with which such broker-dealer or affiliate will engage in short sales of the common stock pursuant to this prospectus, in which case such broker-dealer or affiliate may use common stock received from us or the selling stockholders, as applicable, to close out its short positions;
- sell securities short and redeliver such shares to close out our or the selling stockholders' short positions;
- enter into option or other types of transactions that require us or the selling stockholders, as applicable, to deliver common stock to a broker-dealer or an affiliate thereof, who will then resell or transfer the common stock under this prospectus; or
- loan or pledge the common stock to a broker-dealer or an affiliate thereof, who may sell the loaned shares or, in an event of default in the case of a pledge, sell the pledged shares pursuant to this prospectus.

In addition, we or the selling stockholders may enter into derivative or hedging transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. In connection with such a transaction, the third parties may sell securities covered by and pursuant to this prospectus and an applicable prospectus supplement or pricing supplement, as the case may be. If so, the third party may use securities borrowed from us or others (including the selling stockholders) to settle such sales and may use securities received from us (or the selling stockholders) to close out any related short positions. We or the selling stockholders may also loan or pledge securities covered by this prospectus and an applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement or pricing supplement, as the case may be.

A prospectus supplement with respect to each offering of securities will state the terms of the offering of the securities, including:

- the name or names of any underwriters or agents and the amounts of securities underwritten or purchased by each of them, if any;

- the public offering price or purchase price of the securities and the net proceeds to be received by us from the sale;
- any delayed delivery arrangements;
- any underwriting discounts or agency fees and other items constituting underwriters' or agents' compensation;
- any discounts or concessions allowed or reallocated or paid to dealers; and
- any securities exchange or markets on which the securities may be listed.

The offer and sale of the securities described in this prospectus by us, the selling stockholders, the underwriters or the third parties described above may be effected from time to time in one or more transactions, including privately negotiated transactions, either:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to the prevailing market prices; or
- at negotiated prices.

General

Any public offering price and any discounts, commissions, concessions or other items constituting compensation allowed or reallocated or paid to underwriters, dealers, agents or remarketing firms may be changed from time to time. Underwriters, dealers, agents and remarketing firms that participate in the distribution of the offered securities may be "underwriters" as defined in the Securities Act of 1933, as amended (the "Securities Act"). Any discounts or commissions they receive from us and any profits they receive on the resale of the offered securities may be treated as underwriting discounts and commissions under the Securities Act. We or the selling stockholders will identify any underwriters, agents or dealers and describe their commissions, fees or discounts in the applicable prospectus supplement or pricing supplement, as the case may be. In compliance with the guidelines of FINRA, the maximum discount or commission to be received by any FINRA member or independent broker-dealer may not exceed 8% of the aggregate amount of the securities offered pursuant to this prospectus and any applicable prospectus supplement.

Underwriters and Agents

If underwriters are used in a sale, they will acquire the offered securities for their own account. The underwriters may resell the offered securities in one or more transactions, including negotiated transactions. These sales may be made at a fixed public offering price or prices, which may be changed, at market prices prevailing at the time of the sale, at prices related to such prevailing market price or at negotiated prices. We or the selling stockholders may offer the securities to the public through an underwriting syndicate or through a single underwriter. The underwriters in any particular offering will be mentioned in the applicable prospectus supplement or pricing supplement, as the case may be.

Unless otherwise specified in connection with any particular offering of securities, the obligations of the underwriters to purchase the offered securities will be subject to certain conditions contained in an underwriting agreement that we or the selling stockholders will enter into with the underwriters at the time of the sale to them. The underwriters will be obligated to purchase all of the securities of the series offered if any of the securities are purchased, unless otherwise specified in connection with any particular offering of securities. Any initial offering price and any discounts or concessions allowed, reallocated or paid to dealers may be changed from time to time.

We or the selling stockholders may designate agents to sell the offered securities. Unless otherwise specified in connection with any particular offering of securities, the agents will agree to use their best efforts to solicit purchases for the period of their appointment. We or the selling stockholders may also sell the offered securities

to one or more remarketing firms, acting as principals for their own accounts or as agents for us. These firms will remarket the offered securities upon purchasing them in accordance with a redemption or repayment pursuant to the terms of the offered securities. A prospectus supplement or pricing supplement, as the case may be will identify any remarketing firm and will describe the terms of its agreement, if any, with us and its compensation.

In connection with offerings made through underwriters or agents, we or the selling stockholders may enter into agreements with such underwriters or agents pursuant to which we or the selling stockholders receive our outstanding securities in consideration for the securities being offered to the public for cash. In connection with these arrangements, the underwriters or agents may also sell securities covered by this prospectus to hedge their positions in these outstanding securities, including in short sale transactions. If so, the underwriters or agents may use the securities received from us under these arrangements to close out any related open borrowings of securities.

Dealers

We or the selling stockholders may sell the offered securities to dealers as principals. We may negotiate and pay dealers' commissions, discounts or concessions for their services. The dealer may then resell such securities to the public either at varying prices to be determined by the dealer or at a fixed offering price agreed to with us at the time of resale. Dealers engaged by us may allow other dealers to participate in resales.

Direct Sales

We or the selling stockholders may choose to sell the offered securities directly. In this case, no underwriters or agents would be involved.

Institutional Purchasers

We or the selling stockholders may authorize agents, dealers or underwriters to solicit certain institutional investors to purchase offered securities on a delayed delivery basis pursuant to delayed delivery contracts providing for payment and delivery on a specified future date. The applicable prospectus supplement or pricing supplement, as the case may be, will provide the details of any such arrangement, including the offering price and commissions payable on the solicitations.

We or the selling stockholders will enter into such delayed contracts only with institutional purchasers that we or the selling stockholders, as applicable, approve(s). These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies and educational and charitable institutions.

Electronic Auctions

We may also make sales through the Internet or through other electronic means. Since we may from time to time elect to offer securities directly to the public, with or without the involvement of agents, underwriters or dealers, utilizing the Internet or other forms of electronic bidding or ordering systems for the pricing and allocation of such securities, you should pay particular attention to the description of that system we will provide in a prospectus supplement.

Such electronic system may allow bidders to directly participate, through electronic access to an auction site, by submitting conditional offers to buy that are subject to acceptance by us, and which may directly affect the price or other terms and conditions at which such securities are sold. These bidding or ordering systems may present to each bidder, on a so-called "real-time" basis, relevant information to assist in making a bid, such as the clearing spread at which the offering would be sold, based on the bids submitted, and whether a bidder's individual bids would be accepted, prorated or rejected. For example, in the case of a debt security, the clearing spread could be indicated as a number of "basis points" above an index treasury note. Of course, many pricing methods can and may also be used.

Table of Contents

Upon completion of such an electronic auction process, securities will be allocated based on prices bid, terms of bid or other factors. The final offering price at which securities would be sold and the allocation of securities among bidders would be based in whole or in part on the results of the Internet or other electronic bidding process or auction.

Indemnification; Other Relationships

We or the selling stockholders may have agreements with agents, underwriters, dealers and remarketing firms to indemnify them against certain civil liabilities, including liabilities under the Securities Act. Agents, underwriters, dealers and remarketing firms, and their affiliates, may engage in transactions with, or perform services for, us in the ordinary course of business. This includes commercial banking and investment banking transactions.

Market-Making, Stabilization and Other Transactions

There is currently no market for any of the offered securities, other than the shares of our common stock which are listed on the NYSE. If the offered securities are traded after their initial issuance, they may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar securities and other factors. While it is possible that an underwriter could inform us that it intends to make a market in the offered securities, such underwriter would not be obligated to do so, and any such market-making could be discontinued at any time without notice. Therefore, no assurance can be given as to whether an active trading market will develop for the offered securities. We have no current plans for listing of the debt securities, preferred stock, warrants or subscription rights on any securities exchange or quotation system; any such listing with respect to any particular debt securities, preferred stock or warrants will be described in the applicable prospectus supplement or pricing supplement, as the case may be.

In connection with any offering of common stock, the underwriters may purchase and sell common stock in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales of common stock in excess of the number of shares to be purchased by the underwriters in the offering, which creates a syndicate short position. "Covered" short sales are sales of shares made in an amount up to the number of shares represented by the underwriters' over-allotment option. In determining the source of shares to close out the covered syndicate short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the over-allotment option. Transactions to close out the covered syndicate short involve either purchases of the common stock in the open market after the distribution has been completed or the exercise of the over-allotment option. The underwriters may also make "naked" short sales of shares in excess of the over-allotment option. The underwriters must close out any naked short position by purchasing common stock in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of bids for or purchases of shares in the open market while the offering is in progress for the purpose of pegging, fixing or maintaining the price of the securities.

In connection with any offering, the underwriters may also engage in penalty bids. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the securities to be higher than it would be in the absence of the transactions. The underwriters may, if they commence these transactions, discontinue them at any time.

Fees and Commissions

In compliance with the guidelines of FINRA, the aggregate maximum discount, commission or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of any offering pursuant to this prospectus and any applicable prospectus supplement or pricing supplement, as the case may be; however, it is anticipated that the maximum commission or discount to be received in any particular offering of securities will be significantly less than this amount.

Conflicts of Interest

We have numerous commercial and contractual arrangements with Citi, our former parent company. In addition, Citigroup Global Markets Inc., which may serve as an underwriter of one or more offerings of securities pursuant to this prospectus, is a wholly owned subsidiary of Citigroup Inc. Please see “Risk Factors — Risks Related to Our Relationships with Citi and Warburg Pincus,” included in the 2010 Annual Report, which is incorporated by reference into this prospectus, and additional information that may be set forth in the “Underwriting” section of any applicable prospectus supplement or pricing supplement. If 5% or more of the net proceeds of any offering of securities made under this prospectus will be received by a FINRA member participating in the offering or affiliates or associated persons of such FINRA member, the offering will be conducted in accordance with FINRA Rule 5121 (or any successor rule).

LEGAL MATTERS

Unless otherwise indicated in the applicable prospectus supplement, certain legal matters will be passed upon for us by Rogers & Hardin LLP, Atlanta, Georgia. Counsel to the underwriters will be named in the applicable prospectus supplement.
